Hello Ian,

Thank you for checking with them.

I attach the pictures. Tomorrow we will test them with a small chamber.

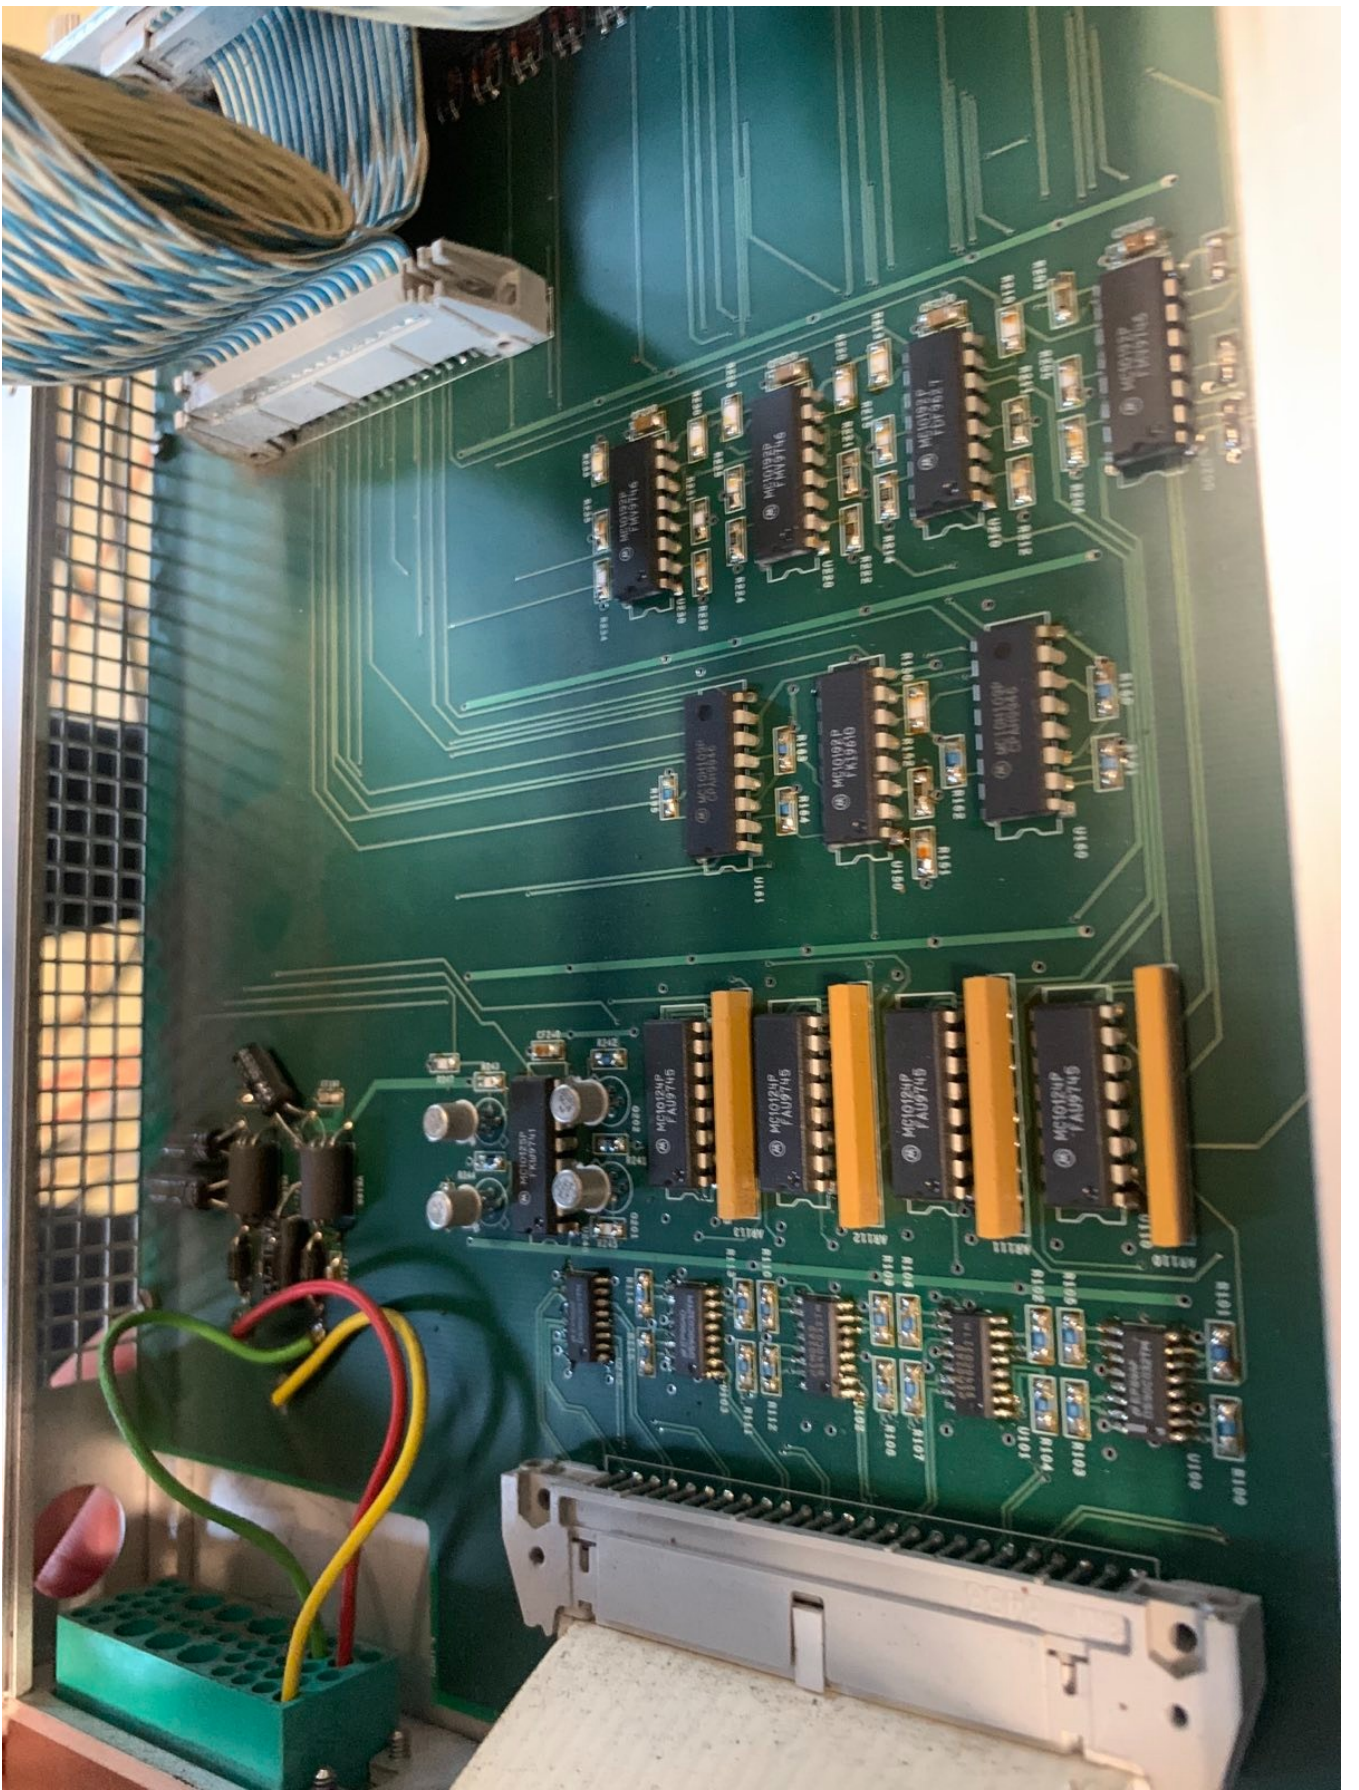

Thank you,
Isabel

Hello Isabel

I am occupied in the beam every Wednesday but I did meet Dyron and Pino at Lunch

We talked about your NIM LVDS to NIM module. Can you please take very detailed photos of the inside by just sliding both of the covers back to see inside. We can try and expand the areas we can contact to see if this or a more modern version can be created, I have contacts in Russia and China.

Thanks Ian

PS when are you leaving you said ?

Ok, I will help searching then.

Thank you,
Isabel

Isabel

rather expensive, no need for stainless.

The storage in 904 is now such a mess, not how I left it, so I am not ready to waste my time hunting through the disorder.

I will check with colleagues.

Ian

Dear Ian,

They told me the connector would take a few weeks after we ordered it. Can we make it work with an equal bulkhead connector? (I bought one, image attached)

Also, I found this on Amazon:

https://www.amazon.fr/Bulkhead-Straight-Stainless-Compression-Connector/dp/B0BYHTC44S/ref=sr_1_16?mk_fr_FR=AMAZÓN&crd=1HY4OPDJMBG7F&keywords=Equal%2BBulkhead%2BConnector%2B10mm&qid=1693301689&prefix=equal%2Bbulkhead%2Bconnector%2B10mm%2Caps%2C70&sr=8-16&th=1

Would that work? It would also take at least two weeks to arrive.

I will be in 904 after lunch. Hopefully, I can see you, and we can discuss this.

Thank you,
Isabel
