Dear Mr. Crotty,

Thank you very much for your call and your interest in our products.

Please find attached some documentation on our product StanoStat A20W:

- Technical data sheet
- MSDS
- Brochure on our range of Antimony Doped Tin Oxide products
- Application presentation for antistatic coatings: the presentation contain the technical details and achievable antistatic performance.

We can offer you a sample as follows:

Product: StanoStat A20W (= CPM10C colloidal dispersion)
Packaging: plastic bottle
Quantity: 1 kg
Delivery: to your door by courier service
Payment: 30 days after invoice
Price: 182,01 €/kg
Validity: 15.2.2022

I have seen in our files, that we sold in 2009 the same product already to CERN in Geneva.

Looking forward to hear from you.

Best regards

Dieter Guhl
